

OBN CEO Interview: Meet the Finalists,

Start Date: 5/25/2021 12:00 PM

End Date: 5/25/2021 1:00 PM

We are delighted to announce details of the next in our series of OBN Digital CEO Interviews with three of the innovative and exciting companies that have been shortlisted for the OBN Awards. For the next in our interview series, John Harris will be meeting the finalists of the 'Best Established Medtech' category. Join us to hear about the exciting work that made them stand out to our judges, learn a little about each company's story, their R&D Innovation and why they are making such an impact on the industry today.

The OBN Awards, are the most highly regarded awards event in the industry and aim to recognise and celebrate the most innovative life sciences companies across all therapy areas and functions.

Join us on Tuesday 25May from 12:00 to 13:00 to learn more about our finalists:

Brainomix - Using AI and deep learning algorithms to develop a complete stroke imaging decision support solution to hospitals worldwide

Inivata - leader in liquid biopsy, their InVision platform unlocks essential genomic information from a simple blood draw to transform the care of cancer patients

Oxford Nanopore Technologies - Developing a novel generation of DNA/RNA sequencing technology to enable the analysis of any living thing, by anyone, anywhere

Speakers:

John Harris , CEO, OBN

Michalis Papadakis , CEO, Brainomix

Clive Morris , CEO, Inivata

Tim Cowper , CFO, Oxford Nanopore Technologies
